EXPERIENCE

Front-end Developer *(Remote)*
September 2021 - March 2023
Metamorfosi | https://metamorfosi.agency/en/

Metamorfosi is a Ukrainian IT company that develops websites, specializing in creating stunning and user-friendly digital experiences that elevate businesses and captivate audiences.

Stack: Html, Scss, Javascript, Vue, Nuxt.js, Php, mySql

Front-end Developer *(Remote)*
2019- 2021
Freelance & Themeforest

I started my journey as a freelance software developer. I've been taking orders like PSD to HTML, CSS, and PHP, then I decided to try creating website templates on ThemeForest (Envato).
